## How It Works

Choose from the shapes and colors available in the **Agate, Elements, Haisen, JAW (Just Add Water), Lapis, Luce, Shibui and Tozen** collections to create a unique glass blend. Mix finishes for even more variation.

1. Choose the tile size or pattern for your blend.
2. Choose the colors and finishes from a single series or any combination of Agate, Elements, Haisen, JAW (Just Add Water), Lapis, Luce, Shibui and Tozen - and the percentage of each component.
3. Request a custom swatch card or grouted sample board from your local showroom to make sure the blend works for your installation.
